## PROFESSIONAL SUMMARY

A professional with a Ph.D. in AI and deep expertise in applied optics and optical systems. At Konica Minolta's Instrument Systems division, I direct the technological fusion of AI and optics to pioneer innovative product development for the next generation of XR devices. My unique career path, beginning with a foundation in Mechanical Engineering and culminating in AI specialization, enables me to bridge cutting-edge theory with tangible industrial challenges.

---

## WORK EXPERIENCE

**Konica Minolta (China) Investment Co., Ltd.** | Shanghai, China

**Application Manager / AI Development Leader** (2023 – Present)

- Spearheaded international collaboration programs, strategically integrating established technologies with solutions from emerging tech companies to drive innovative product development.
- Forged strategic partnerships in the high-growth XR sectors, leading to knowledge exchange, application enhancement, and pioneering new product development.
- Directed experimental AI projects, steering the integration of optics and AI in close collaboration with the R&D team to fuel continuous innovation.

**Senior Application Engineer** (2017 – 2023)

- Provided comprehensive application support for advanced optical measurement solutions to key accounts including Apple, Samsung, and BOE, resolving complex technical issues and conducting customized training to significantly boost product adoption.
- Orchestrated the development of new application features by collaborating with cross-functional teams, resulting in streamlined processes and enhanced functionality.
- Pioneered internal projects to automate application service workflows, leveraging advanced tools to improve efficiency and drive continuous process improvements.

**Saint-Gobain Research (Shanghai) Co., Ltd.** | Shanghai, China

**Research Engineer (2014 – 2017)**

- Managed the end-to-end product development lifecycle, from concept to launch, ensuring strict adherence to product specifications and project deadlines.
- Led a team of four to manage two major product upgrade projects for a key group company, Saint-Gobain Abrasives (Suzhou) Co., which contributed 40% of their revenue in 2016.
- Directed multiple foundational research projects on Saint-Gobain products, successfully driving their adoption across diverse business sectors within the Asian market.

---

**EDUCATION**

**Ph.D. in Software Engineering (AI) (2020 - 2025)**

Tongji University, Shanghai, China

**M.S. in Mechanical Engineering (2011 - 2014)**

Tsinghua University, Beijing, China

**B.S. in Mechanical Engineering (2006 - 2010)**

University of Toronto, Toronto, Canada

---

**PUBLICATIONS & TALKS**

- **Book (In Press):** XR Optical Measurement Handbook.
- **Invited Speaker:** "Rapid Testing of  $\mu$ LEDs and Microdisplays on Wafer," The 4th Shenzhen International Mini/Micro LED Summit Forum (2023).
- **Selected Publications:**
  - Zhu, T. et al. (2025). "Measurement of near eye display using goniophotometer and imaging light measuring device." *SID Symposium Digest of Technical Papers*.
  - Zhu, T. et al. (2024). "Hierarchical Spectral–Spatial Transformer for Hyperspectral and Multispectral Image Fusion." *Remote Sensing*, 16(22), 4127.
  - Zhu, T. et al. (2023). "An Adaptive Atrous Spatial Pyramid Pooling Network for Hyperspectral Classification." *Electronics*, 12(24), 5013.

A complete list of 15+ publications is available upon request.

---

## AWARDS

- Excellent Award, Konica Minolta Group Global Improvement Competition (2025).
- Two Excellent Awards, Konica Minolta Group Global Improvement Competition (2023).
- Chinese Government Scholarship (2020 - 2024).
- Tsinghua-Beijing Scholarships (2011 - 2014).
- University of Toronto Scholarships (2006 - 2010).

---

## ADDITIONAL INFORMATION

- **Languages:** English (Fluent), Mandarin (Native).
- **Portfolio:** Available at [tzhu64@github.io](mailto:tzhu64@github.io).
- **Professional Affiliations & Leadership :**
  - **Society for Information Display (SID)** | Member
  - **International Committee for Display Metrology (ICDM)**
    - Technical Committee Member
    - Expert, VR/AR/HUDs/Near-Eye-Display Subcommittee
  - **Institute of Electrical and Electronics Engineers (IEEE)** | Member
